Work Experience

April 2011 to Present **SensAllure Medical Spa Consulting**
Owner, Consultant

- Travel throughout the United States assisting with the opening of Medical Spas. Responsibilities include writing all policies and procedures, writing all consents, all marketing,

planning and implementing events, training staff with lasers and laser safety, training Botox and Dermal Filler injection techniques, streamlining product ordering, determining skin care product line to offer, ordering the skin care line, profit projects and local market analysis.

November 2010-- April 2011 **Weight Loss and Wellness Clinic, Dr. Michael P. Girouard**
Director of Cosmetic and Laser Division

- Started Cosmetic Division by scheduling employees, writing all policy and procedures, hired and trained all four employees for division, answered all phone calls to cosmetic division, scheduled all procedures, ordered all products, coordinated all training sessions, met with all representatives for discussion of maximization of potential, executed all procedures, called patients daily to check post treatment, made call reminders, transported, set up and maintained all laser equipment, provided accountant with all profit and selling information and completed continuous research on new and improved procedures and equipment.
- Please refer to monthly sales total sheets provided in this portfolio to see the growth in the time that I managed this large company and its massive growth since my beginning of the Cosmetic Division.

March 2010-November 2010 **Complete Laser Clinic**
Director of Gastonia/Waxhaw Locations

- Oversaw all daily operations of two clinics for a multi-clinic corporation. Turned one clinic from a once-a-week clinic into a three-days-a-week clinic. Improved sales from \$400.00 a week to \$3000-4000 per day three days a week.
- Advertised, Scheduled appointments, completed all procedures, made patient follow up and call reminders, trained for checkout and end of day balancing, ordered all product, completed daily medication counts, implemented and executed a plan of action for inventory, loaded, unloaded and maintained all lasers.
- Participated in weight loss screenings, diet plans and exercise programs. Completed research and implemented use of newest weight loss medications on the market. Gave injections and educated all patients about their medications. Completed EKGs and blood work on all prospective weight loss patients.

July 2009-October 2010 **Caldwell Memorial Hospital, Emergency Department**
Midnight shift staff RN

- My position in the ER taught me patience, level-head, critical thinking skills, de-escalation of potentially harmful situations.
- Chest tube insertions, IV insertions, CPR, Gastric Lavage, NG tube insertion, Charcoal delivery, child birth and Respiratory emergencies handled confidently and proficiently.
- Took temporary charge, giving assignments and monitoring progress of entire emergency department..

Applicable Skills

- Basic and Advanced Neurotoxin A and Dermal Filler techniques.
- Certified in all Alma Lasers by Alma Laser University.

- Superior interpersonal and customer service skills.
- CPR certified
